Advanced Mathematics for Engineers

Science, Technology, Engineering and Mathematics (STEM), previously Science, Math, Engineering and Technology (SMET), is a term used to group together these academic disciplines. This term is typically used when addressing education policy and curriculum choices in schools to improve competitiveness in science and technology development. It has implications for workforce development, national ...

Science, technology, engineering, and mathematics - Wikipedia

In contemporary education, mathematics education is the practice of teaching and learning mathematics, along with the associated scholarly research.. Researchers in mathematics education are primarily concerned with the tools, methods and approaches that facilitate practice or the study of practice; however, mathematics education research, known on the continent of Europe as the didactics or ...
