Amino acids are often described as “the building blocks of protein”™. Around one fifth of the human body is made up of protein, which is an essential component of almost all of its biological processes. In simple terms, amino acids can be described as organic compounds made up of further compounds known as amines. Amines ... Read more7 Amino Acids For Hair Growth | And Best Smoothie Recipe!

The Green Revolution, or Third Agricultural Revolution, is a set of research and technology transfer initiatives occurring between 1950 and the late 1960s, that increased agricultural production worldwide, particularly in the developing world, beginning most markedly in the late 1960s. The initiatives resulted in the adoption of new technologies, including high-yielding varieties (HYVs) of ...

PDF: We made a fancy PDF of this post for printing and offline viewing. Buy it here. (Or see a preview.). Note: The reason this post took three weeks to finish is that as I dug into research on Artificial Intelligence, I could not believe what I was reading. It hit me pretty quickly that what’s happening in the world of AI is not just an important topic, but by far THE most important topic ...
