The busy first grade year finds students building a much larger vocabulary. They will learn about root words, become familiar with multiple-meaning words, and use sentence-level context as a clue to word meaning. Alphabetizing to the first letter and beginning to alphabetize to the second letter is introduced during first grade.

Definitions. Second language refers to any language learned in addition to a person's first language; although the concept is named second-language acquisition, it can also incorporate the learning of third, fourth, or subsequent languages. Second-language acquisition refers to what learners do; it does not refer to practices in language teaching, although teaching can affect acquisition.

Numeracy is the ability to reason and to apply simple numerical concepts. Basic numeracy skills consist of comprehending fundamental arithmetics like addition, subtraction, multiplication, and division. For example, if one can understand simple mathematical equations such as, $2 + 2 = 4$, then one would be considered possessing at least basic numeric knowledge.
