The Business Valuation Case Law Yearbook, 2019 Edition is essential for business appraisers and attorneys who want to stay ahead of their peers on the most important legal issues brought up in business valuation-related cases. With in-depth analysis from BVR's legal team, the lessons learned in this book help appraisers reach better and more defensible valuation conclusions.

Guides & Books | Business Valuation Resources

In finance, valuation is the process of determining the present value (PV) of an asset. Valuations can be done on assets (for example, investments in marketable securities such as stocks, options, business enterprises, or intangible assets such as patents and trademarks) or on liabilities (e.g., bonds issued by a company). Valuations are needed for many reasons such as investment analysis ...
