Communication (from Latin *communicare*, meaning "to share") is the act of conveying meanings from one entity or group to another through the use of mutually understood signs, symbols, and semiotic rules.. The main steps inherent to all communication are: The formation of communicative motivation or reason.; Message composition (further internal or technical elaboration on what exactly to express).

Writing That Works: Communicating Effectively on the Job

- Communicating assertively is communicating in a clear manner that expresses your opinions and needs, while respecting the opinions and needs of the other person. Assertive communication is the midway mark between aggressive and passive communication. In my communications seminars I use the metaphor of passive communication being a doormat, and aggressive communication being ...

Predictive text is an input technology used where one key or button represents many letters, such as on the numeric keypads of mobile phones and in accessibility technologies. Each key press results in a prediction rather than repeatedly sequencing through the same group of "letters" it represents, in the same, invariable order. Predictive text could allow for an entire word to be input by ...
