How to get your article published - American Nurse Today

However if one is persistent and recognizes that there is a hierarchy of journals one can get your work published. A recent study of papers rejected from the Journal of Pathology revealed that most did get published eventually, and almost invariably in a lower impact factor journal [9]. That is to say manuscripts tend to settle at a level in relation to their perceived quality (of course authors tend to perceive their work as being world class and one has to become objective of ones efforts).

Getting Your Paper Published: An Editor's Perspective

Many agencies systems get very busy during submission times accept and prepare for this. Once submitted, forget about the proposal until you hear from the review panel. Make sure that the agency communications don t get filtered into your spam folder. Many agencies will return detailed reviews. Use the review to revise and resubmit your grant.
