Egan uses econometric analysis to identify determinants of multinational innovation, and examines differences among state institutions as a key variable. He then offers a detailed case study, assessing Ireland's attempts to use foreign direct investment in innovation as a catalyst for development.

Globalizing Innovation: State Institutions and Foreign

Abstract. As globalization penetrates the realm of democracy, the internationalization of the institution of parliament, as the epitome of popular representation in liberal democracies - continues to be largely ignored by key studies in international law, constitutional law and global governance.
