Multiple-input, multiple-output orthogonal frequency-division multiplexing (MIMO-OFDM) is the dominant air interface for 4G and 5G broadband wireless communications. It combines multiple-input, multiple-output technology, which multiplies capacity by transmitting different signals over multiple antennas, and orthogonal frequency-division multiplexing (OFDM), which divides a radio channel into ...

Sir Charles Kuen Kao GBM KBE FRS FREng (4 November 1933 – 23 September 2018) was a physicist and electrical engineer who pioneered the development and use of fibre optics in telecommunications. In the 1960s, Kao created various methods to combine glass fibres with lasers in order to transmit digital data, which laid the groundwork for the evolution of the Internet.

### **Charles K. Kao - Wikipedia**

All new 5G mobile technology is expected to be operational by 2020. This time, it is therefore crucial to know the direction of research and developments enabling 5G technology.

Supporting end-to-end Quality of Service (QoS) in existing network architectures is an ongoing problem. Although researchers from both academia and industry have proposed many solutions to solve the QoS limitations of the current networking, many of them either failed or were not implemented.

### **Quality of Service (QoS) in Software Defined Networking**

Quality of Service (QoS) in Software Defined Networking (SDN) is a critical issue for the Internet of Things (IoT). The SDN architecture provides a flexible and programmable network that can be adapted to the changing requirements of the IoT. The QoS in SDN is a complex problem that involves the interaction of multiple layers of the network. The QoS in SDN is a complex problem that involves the interaction of multiple layers of the network. The QoS in SDN is a complex problem that involves the interaction of multiple layers of the network.

### **Quality of Service (QoS) in Software Defined Networking - International Journal of Engineering Research and Applications (IJERA)**

International Journal of Engineering Research and Applications (IJERA) is an open access online peer reviewed international journal that publishes research ..
