For years, the only name in the game for working with PDF documents was Adobe Acrobat, whether in the form of their free reader edition or one of their paid editions for PDF creation and editing. But today, there are numerous open source PDF applications which have chipped away at this market dominance.

### **Open source PDF readers, creators, and editors**

Write Source its very name emphasizes what has always been true of this program. It's a cohesive and tightly woven spiral of writing instruction. Starting in grade one and continuing through grade twelve, the writing process along with the various forms of writing are presented, modeled, illustrated, taught, utilized and expanded.
