Health, as defined by the World Health Organization (WHO), is "a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity." This definition has been subject to controversy, as it may have limited value for implementation. Health may be defined as the ability to adapt and manage physical, mental and social challenges throughout life.

The tomato (see pronunciation) is the edible, often red, berry of the nightshade *Solanum lycopersicum*, commonly known as a tomato plant. The species originated in western South America. The Nahuatl (Aztec language) word *tomatl* gave rise to the Spanish word *tomate*, from which the English word *tomato* derived. Its use as a cultivated food may have originated with the indigenous peoples of Mexico.
