It's easy to just live inside a single pentatonic or blues scale over an entire 12-bar progression, but how hip is it when you hear players really get inside those chord changes? In this lesson we'll explore some simple techniques that will allow you to create solos that lead the ear through the progression.

Half-Life 2 (stylized as HL2) is a first-person shooter video game developed and published by Valve Corporation. It is the sequel to 1998's Half-Life and was released in November 2004 following a five-year \$40 million development. During development, a substantial part of the project was leaked and distributed on the Internet. The game was developed alongside Valve's Steam software and ...
