A designer is a person who makes designs for objects. A fashion designer designs clothing, a web designer designs web pages, and an automobile designer designs automobiles. In each case, the designer works with the help of a technician or engineer who understands deeper level concepts of manufacturing and engineering, and the designer themself is largely confined to work at a surface level.

Over the years, Iâ€™ve had many, many queries about how to make hand embroidery patterns. The question of how to make embroidery patterns isnâ€™t usually directed to the drawing or doodling part thatâ€™s done with a pencil, but rather how to take a sketch, painting, photo, or doodle and transform it into a clean line drawing that can be enlarged or reduced in size, printed, and used as a ...
