Who can get Social Security disability benefits? Social Security pays benefits to people who can't work because they have a medical condition that's expected to last at least one year or result in death. Federal law requires this very strict definition of disability. While some programs give money to people with partial disability or short-term disability, Social Security does not.

Disability Benefits - The United States Social Security

long term. Many of us will live much longer than the "average" retiree, and most women live longer than men. About one out of every three 65-year-olds today ... at least a 50-50 chance that one member of the couple will live beyond age 90. If you are the higher earner, and you delay starting your retirement benefit, it will result ...
