Fact does not come from the grand leaps of discovery but rather from the small, careful steps of verification. That is the premise of the Open Source Security Testing Methodology Manual also known as the OSSTMM (pronounced as "awstem") It is a peer-reviewed manual of security testing and analysis which result in verified facts.

The Community Guide conducts systematic reviews of interventions in many topic areas to learn what works to promote public health. The Community Preventive Services Task Force (CPSTF) uses the results of these reviews to issue evidence-based recommendations and findings to the public health community. What is a systematic review?
